

Transform Your Restaurant's Payment Process with Merchant Service Depot's Virtual Cards

Simplify Payments, Gain Control, and Enhance Operational Efficiency

Why Restaurant Owners Need Better Payment Solutions

- ✓ Running a restaurant involves managing high-volume transactions, supplier payments, employee expenses, and more.
- ✓ Traditional payment methods (e.g., checks, cash, ACH) are often slow, inefficient, and hard to track.

Solution

Merchant Service Depot's Commercial Cards provide a streamlined, secure, and easy-to-manage payment solution tailored to the needs of restaurants, including tips to employees.

Understanding MSD Commercial Cards

Commercial Cards

are business credit or debit cards designed to simplify business purchases, control employee spending, and improve financial operations.

Features Include

- Prepaid, debit, and credit card options for different business needs.
- Flexibility to manage purchasing and employee expenses, including tip payments.
- Enhanced security and fraud prevention features.
- Detailed reporting tools for better financial visibility.

How MSD Commercial Cards Benefit Your Restaurant

Simplified Payments

Consolidate supplier payments, employee purchases, and operational expenses into one easy-to-manage system.

Better Financial Tracking

Real-time transaction tracking and detailed reporting help you stay on top of your restaurant's expenses and optimize your budget.

Improved Cash Flow Management:

Manage payments and expenses more efficiently, helping to maintain healthy cash flow and avoid late fees.

Enhanced Security

Protect your business from fraud with advanced security measures like EMV chip technology, real-time alerts, and the ability to lock cards if lost or stolen.

Increased Control Over Employee Spending

Set specific spending limits and restrictions for each cardholder (e.g., employees or departments) to control purchasing.

Efficiently Manage Supplier and Vendor Payments

EXAMPLE

Automatically pay recurring supplier bills and settle invoices immediately with a few clicks.

1

Faster Payments

Skip the delays and risks associated with checks or manual ACH payments, ensuring your suppliers are paid on time.

2

Better Supplier Relationships

By paying promptly and consistently, you can take advantage of discounts and maintain strong relationships with key suppliers.

How it Works

Use your MSD commercial card to directly pay for food, beverage, and equipment orders from suppliers, simplifying the payment process.

EXAMPLE

Set up individual cards for staff who handle kitchen supplies, travel, or catering, ensuring they can only make purchases within preset categories and limits.

Set Spending Limits for Employee Purchases

How MSD Cards Help

Issue individual cards to staff for operational expenses (e.g., purchasing kitchen supplies, paying for travel, etc.).

Spending Controls

Set specific purchase limits and restrictions based on the type of expense and the employee's role.

Real-Time Monitoring

Monitor expenses as they occur, preventing overspending and unauthorized purchases.

Paying Employee Tips with MSD Cards

How MSD Cards Help

Issue individual cards to staff for operational expenses (e.g., purchasing kitchen supplies, paying for travel, etc.).

Direct Tip Payment via Card

Use MSD commercial cards to pay employee tips directly, avoiding the complexities of cash payments and ensuring transparency.

EXAMPLE

Instead of paying tips out of the till or in cash envelopes, transfer the total amount of employee tips (after service) directly to each employee's MSD card for easy access and transparency.

✔ Simplified Tips Disbursement

Transfer tips to employees' cards in real time, which can be accessed instantly, eliminating the need to handle physical cash.

✔ Easy Tracking

Easily track tip distribution by employee, date, and amount with real-time reports.

✔ Secure and Reliable

MSD cards offer a secure way to handle tip payments, reducing the risks of cash mismanagement or errors.

Manage Cash Flow More Effectively

✔ Instant Access to Funds

Use MSD commercial cards for immediate access to funds, ensuring your restaurant has the liquidity it needs without waiting for checks to clear.

✔ Track Payments & Expenses in Real-Time

Access detailed transaction records and track all payments and purchases as they happen, giving you greater visibility and control over your cash flow.

✔ Avoid Late Fees and Penalties

Streamlined payments help you avoid late fees and interest charges, keeping your restaurant's financial health in check.

EXAMPLE

Use your MSD card to pay for inventory, utility bills, and even employee-related expenses, managing the flow of payments without delay.

Simplify Accounting and Financial Reporting

Make Accounting and Reconciliation Effortless

Automated Transaction Tracking

Transactions are automatically recorded and categorized, reducing the need for manual data entry and reconciliation.

Comprehensive Financial Reports

Access detailed reports on spending, which can be easily integrated into your accounting software (such as QuickBooks or Xero) for streamlined bookkeeping.

Simplified Tax Preparation

Detailed transaction histories and reports make it easier to prepare for tax season, reducing the administrative burden.

EXAMPLE

Easily generate expense reports that can be shared with your accountant or used to track monthly spending, including tips paid to employees.

Enhanced Security and Fraud Protection

Secure Your Restaurant's Financial Transactions

EXAMPLE

Lock a card instantly from your online dashboard if a card is lost or suspicious activity is detected.

✓ Advanced Security Features

MSD commercial cards come with EMV chip technology, ensuring secure in-person transactions and minimizing the risk of fraud.

✓ Real-Time Fraud Alerts

Receive immediate notifications of suspicious transactions and instantly lock or freeze cards to prevent unauthorized use.

✓ Virtual Cards for Online Purchases

Use virtual cards for online or remote purchases to minimize exposure to fraud while keeping your physical cards secure.

Real-Life Application: A Case Study

Case Study: [Restaurant Name] Streamlines Payments with MSD Cards

[Restaurant Name] faced challenges in managing employee expenses, supplier payments, and tracking daily operations, including paying tips to staff.

Challenges

Slow supplier payments, manual reconciliation of expenses, and difficulty controlling staff spending and paying tips efficiently

Merchant Service Depot

Solution

The restaurant implemented MSD commercial cards to streamline supplier payments, control employee spending, and track financial data in real-time. They also used MSD cards to pay employee tips directly.

Merchant Service Depot

Results
