

# Empowering Social Casinos with Merchant Service Depot

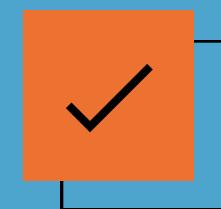

Streamlined Payout Solutions and Financial Management for  
Enhanced Player Experience

# Introduction to Merchant Service Depot

Premier provider of prefunded card and commercial card solutions designed for social casinos and gaming businesses.

Focused on enhancing operational efficiency, player satisfaction, and financial management.

# Understanding the Need for Enhanced Payout Solutions

## Current Challenges for Social Casino

- ✓ Complex and delayed payout processes can lead to player dissatisfaction.
- ✓ Managing compliance and security in handling player funds is crucial.
- ✓ Efficiently tracking and managing transaction data for operational decisions.

# Issued Cards for **Player Payouts**

Issuing prefunded cards for instant player payouts.

01.

## **Instant Access**

Players receive funds immediately, enhancing their gaming experience.

02.

## **Reduced Cash Handling**

Decreases the risk associated with cash payouts and improves security.

03.

## **Flexibility**

Players can use their funds online or at physical locations.

Imagine delighting your players with instant access to their winnings!

# Enhancing Player Engagement with Instant Rewards

Use issued cards to reward players instantly during promotions.

## **Immediate Gratification**

Instant rewards keep players engaged and encourage continued play.

## **Simplified Tracking**

Easily monitor reward distributions and player engagement metrics.

## **Increased Loyalty**

Players feel valued with immediate payouts, leading to higher retention rates.

# Streamlined Tournament Payouts

Utilizing prefunded cards for tournament prizes.

- ✓ **Efficient Distribution**  
Streamline the payout process for tournament winners.
- ✓ **Reduced Administrative Work**  
Minimize time spent on manual payout processing.
- ✓ **Enhanced Reputation**  
Fast payouts can enhance your casino's reputation for reliability.

# Managing Travel & Entertainment (T&E) Expenses

Utilizing commercial cards for T&E expenses related to gaming operations.

## Streamlined Expense Tracking

Simplify the management of employee travel and entertainment costs.

## Budget Control

Set spending limits to ensure compliance with budget guidelines.

## Automated Reconciliation
